## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

### *To the Citizens of Nottingham:*

The present enrollment in the schools is as follows:

<i>School</i>	<i>Grades</i>	<i>Teacher</i>	<i>Number of Pupils</i>
Center	1-4	Mrs. Helen Thibodeau	16
Center	5-8	Mrs. Glendle Caverly	22
Gebig	1-4	Mrs. Lillian Spencer	14
Gebig	5-8	Mrs. Lillian Wells	19
Total			71

High school pupils have been enrolled as follows:

Newmarket 11, Dover 4, Coe-Brown Academy 2, and one each at Raymond, Manchester, and Robinson Seminary; Total 20.

The hot lunch provided by district appropriation is being supplemented not only by individual contributions but also by federal surplus commodities purchased by the government from the farmers to maintain prices and prevent waste, and distributed where it is deemed they will do the most good. Several of the products, such as fruits and fruit juices are of the type that probably would not be provided otherwise.

At the dental clinic held last fall under the supervision of the School Nurse, Miss Margaret Macdonald, 16 pupils were treated, all of whom received complete care. The Parent-Teacher Association sponsored this clinic. Recently the School Board has joined with five other districts in the purchase of a dental chair and engine. With this new and improved equipment, it is to be hoped that a larger number

of those needing dental treatment will avail themselves of the opportunities of the dental clinic. Regular health examinations and frequent special calls in Nottingham occupied a considerable portion of the nurse's time.

The last district meeting provided for a special teacher of music, in accordance with which action the School Board engaged Miss Elizabeth Girardet of Pittsfield, who gives one day a week to musical instruction, including reading music, note singing, music appreciation, rhythm band, and special programs, in cooperation with the regular teachers. The results of this instruction are already apparent in the ability and musical understanding of the pupils.

While the above special features are interesting, they have not replaced the constant striving for better accomplishment in the 3 R's and informational subjects, through improvement of materials and methods, constant drill, and regular testing.

#### HONOR ROLL OF PERFECT ATTENDANCE FOR THE YEAR
